

Dear Parents,

Welcome to an exciting year at Clover Hill Elementary School. The CHES PTA works closely with the teachers and school administration to provide extra assistance for the school. During these trying budget times, the PTA is more committed than ever to help CHES retain the excellent level of education and resources for the students. This year the PTA's Fall Fundraising goal is a lofty \$18,000. Since we are a totally volunteer organization, all money raised goes back into the school providing money for the teachers for their classrooms, providing programs in the classroom and for each grade level at assemblies, and hosting school events like the Holiday House, Coffee Talks, and the Fall Festival. We also support the Accelerated Reader Program as well as additional funds for capital improvements.

This year more than ever we need your help. There are two ways to help out the PTA with the Fall Fundraising drive. The first way is to buy from the Believe Catalog enclosed in this package. Please consider some early holiday shopping or buy some cookie dough from the cookie catalog. The second way is to give a direct donation to the CHES PTA. If you wish to give directly to the CHES PTA please fill out the sheet below and send it to school with your contribution.

Our fundraising goal this fall is \$18,000. We know this is a big goal, but we have a great deal to accomplish with the school this year. We do appreciate that times are tight. We really appreciate your participation in this fundraising drive.
